# HARDWOOD FLOORING

**End Matched, Polished and Kiln Dried**

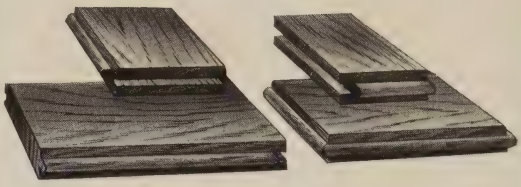

Illustration shows end-matched Flooring. We can furnish, in random lengths only of 2 to 16 feet, for immediately shipment, the following woods and sizes:

| | |
|---|---|
| Clear Maple | 13/16 x 2¼" face |
| Clear Plain Red and White Oak | ⅜ x 1½" face |
| Clear Plain Red and White Oak | 13/16 x 2¼" face |
| Clear Quart. Red and White Oak | ⅜ x 1½" face |
| Clear Quart. Red and White Oak | 13/16 x 2¼" face |

**For Costs see our Price Sheet**

Can also supply on short notice other sizes and grades, which we will price upon inquiry.

**Approximate Weights:**

⅜", 1,000 lbs. per 1,000 feet
13/16", 2,100 lbs. per 1,000 feet

To arrive at the amount of Flooring required, compute the square feet of surface in the room and add to same the following percentages:

⅜ x 1½" face, add 33⅓%
13/16 x 2¼" face, add 33⅓%

**A Few Reasons for Flooring's Superiority Over Carpets:**

1st—They are more sanitary.

2nd—They are more healthful, handsome and economical.

3rd—They are kept clean with less labor and only require dusting the same as furniture, the unpleasant task of sweeping being entirely eliminated.

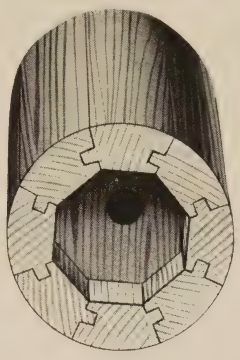
4th—They are cheaper than carpets, and far more harmonious with the surrounding furniture.

5th—They will outwear more expensive carpets many times over and also retain their natural appearance for years with very little care.

Our flooring is run on a slow feed and is perfectly matched, both sides and ends; surfaces sanded to a polish, also bundled in such a manner as to protect face from dirt.

## STOCK ROUND COLUMNS

IXL 382



Sectional View of Our Stock Staved-up Columns
